

OAT Primary Curriculum Intent

At OAT, our primary curriculum gives every child access to a high quality, knowledge rich education that builds strong foundations for learning and life.

It defines the *what* of learning through a clear, coherent framework—freeing teachers to focus on the *how* of great teaching.

Our curriculum:

- Ensures equity and excellence for every pupil
- Builds subject expertise and confidence in every teacher
- Provides high-quality resources to reduce workload
- Promotes intellectual preparation over lesson planning
- Creates stability and consistency across our schools

Together, we deliver a curriculum that is ambitious, inclusive, and sustainable—designed to give all OAT pupils the best possible start.
